

Immediate Past District Director Report

29th August 2024

The role of the Immediate Past District Director is to be a mentor for the District Officers, offer assistance and help where needed. The role of mentor is such an important one and as IPDD, happy to offer support. From my own experience, each member's relationship with their mentor is different, as Immediate Past it is finding the balance of what is needed and wanted. Looking forward to supporting Carol as District Director, Kayleen as Program Quality Director and Lisa as Club Growth Director and appreciating how much work they have already done. I will continue to support them, and the wider team where needed and will enjoy seeing them guide the District to a stronger position.

As a District we are about to hold the awards evening for the 2023/24 Toastmaster year, where we will be presenting the Toastmaster of the Year, Division Director, Area Director of year, District Citations and a new award this year, Spirit of Toastmasters award. It has been wonderful hearing about some of the amazing people we have within our organization and how many people go above and beyond being a club member. I am sure I have only heard of a very small portion of our amazing members. I would like to take this opportunity to acknowledge each member's contributions throughout 2023 -2024 year, it is appreciated! When looking at the awards and the history they contain. I look forward to the continuing journey and would encourage all members to take the leadership opportunities that Toastmasters presents as the personal growth is immense and incredibly exciting.

Glen Pearce

Immediate Past District Director 2024-2025
